- 58) *slide made for **an insect on a leaf***
- 59) *slide made for **an insect on a leaf***
- 60) *slide made for **an insect on a leaf***

N B When I say an image is “computer-generated” I do not mean, of course, that the computer made its own decisions. I mean that it is an image produced using a computer which it is unlikely could exist without the computer; and an image for which there was no input e.g. no scan
